

Derbyshire EHE Spend FOI Response January 2013

The total amount spent on Elective Home Education is difficult to calculate. The cost of EHE Manager & Consultant time alone was approximately £153,000 for the 2011-2012 Academic Year.

However, this excludes the significant cost of a range of services who contribute to individual/family support, other than the dedicated EHE team time e.g. administrative/office staff, Multi Agency Teams including Traveller Service, Education Welfare, Connexions/Careers, Family Resource and Safeguarding & Social Care. This also excludes the work of others in preparing & setting up the Alternative Provision for EHE young people this year.
