

Hartlepool FOI Response January 2013 EHE Spend 2011-12

We are a very small LA and responsibility for home education forms part of a number of posts which also fulfil other responsibilities. It is therefore difficult to identify specific costs. However for the academic year 2011-12 I would estimate approximately £10,000 of officer time. In addition some young people with SEN have had funding allocated - this is accounted for as SEN spend rather than home education.
